OBJECTIVE

I Nikita Singh MCA in Cloud Computing at Koneru Lakshmaiah Education Foundation (KL University) a Deemed University, Accredited by National Assessment and Accreditation Council (NAAC) of UGC as 'A++' Grade with 3.57 CGPA on 4 point scale (Vijaywada, Andhra Pradesh). I am looking for an entry level role to kick-start my career in Content Writing or Technical Writing. I am seeking opportunities to join your company that can help me in enhancing my skill, strengthening my knowledge and reaching my potential, I am willing to explore a wide variety of opportunities that can help me gain perspective.

INTERNSHIP

Company Name	Code Clause
Time Period	1 Month
Position	Content Writer

Description

I had completed my internship as an content writer in Code Clause which is really good experience for me, they were provided me a three task at different scenario and different topic; which is very challenging for me but without any fail I accept those challenges and I performed very well and I submitted their given task or project at given of time period.

To completing this project I used some technical tools like Notepad for my writing and grammar software which incorrect my spellings if I write something wrong.

I had posted my all three projects on my GIT HUB officially and on linked in also.

RESEARCH PAPER

Domain Name	Cyber Security
Research Paper Name	Cyber Security To Cloud Security
Acceptation	IEEE (not published yet)

I had completed One Research Paper to the domain of Cyber Security, mainly my paper contains the literature review that how cyber security relate to the cloud security and why cyber security is not beneficial to give proper authentication of cloud data.

The modern era contain the huge data set at a different platform; which really needs a security and privacy so the paper consist that cloud is big platform where various type of data store in the different component; so how we provide authentication to the cloud data and what's the false point of cyber security that it is not beneficial to provide a proper protection of cloud data.

To completing my whole paper I used lot of technical tools like Mandela for referencing the paper, Microsoft Word to typing my whole paper, online software to check the plug and copyright.

Acceptation Email regards to IEEE Conference

PROJECTS

1-Project name	E-learning Website
Duration	2 Months
Start date	August-2019

Project Details:

❖ **Project Define**

It is E-learning website which mainly developed for the MCA preparation; this website contain different subject domain regarding to MCA preparation e.g. English, Quant, Reasoning, Mathematics or included test series also.

❖ **Technical Requirement**

Apache Netbean: It is an Integrated Development Environment (IDE) which gives real time experience to do a coding and I used this IDE for creating my Website.

My SQL Workbench: It is a database Management System which helps to create a database in my project.

❖ **Technical Languages**

PHP: Hypertext Pre-processor or PHP is an open-source scripting language which mainly I used to creating my backend and it is very flexible to develop or code backend.

HTML/CSS: Hypertext Markup language or cascading style sheet these two languages helps to creating a frontend part of website; html gives a proper structure to a code and CSS help to designing part of website.

JavaScript: It is scripting language which I used to as front end in this website which really good for gives functionality on website.

2-Project Name	Portfolio
Duration	1 Month
Start	December-2022

Project Details

❖ Project Define

This is a Portfolio, which is a personal website or personal portfolio website which intake some details like regarding to their work, skills, experience etc.

❖ Technical Requirement

VS Code: It is Integrated Development Environment (IDE) which helps me to develop this project. It provides an easy or comfortable environment to do a coding.

❖ Technical Languages

HTML/CSS: I used these two languages to develop my website, by the help of html. I give a proper structure to my code and by the help of CSS I designed whole portfolio website in a perfect format.

JAVASCRIPT: I used JavaScript in my code to developed my frontend and backend, it is very flexible to do coding because there frameworks will help to transform in backend and frontend both

3-Project Name	Blood management System
Duration	progressing
Start date	June-2023

Project details

❖ Project Define

This is a blood management system which mainly used to get the records of blood donation or blood Data where the people who wants to donate blood they were apply directly through this website and if someone needs a blood, they can search regarding to their blood groups and symptoms.

❖ Technical Requirement

Netbeans: It is Integrated Development Environment (IDE) which helps me to develop this project; It was provide an easy or comfortable environment to do a coding.

My SQL Workbench: It is a Database Management System which helps to create a database in my project like record the whole details of patients, donor or healthcare centre.

❖ Technical Languages

JAVA: It is robust and safe language in development field by the help of java programming language I developed my website Backend code in the perfect format and in secure way.

HTML/CSS: I used these two languages to develop my website, by the help of html I give a Proper structure to my code and by the help of CSS I designed my whole website in a perfect format.

JAVASCRIPT: I used JavaScript in my code to develop my frontend, it is very flexible to do Coding because their frameworks will help to transform in backend and frontend both and helps to give real time functionality in my code.

EDUCATION

SNO	QUALIFICATION	INSTITUTE/COLLGE	BOARD	YEAR	CGPA
1.	MCA	KL UNIVERSITY	KL UNIVERSITY	2022-2024	Appearing (I-Year 9.37 cgpa)
2.	BCA	MLK PG COLLEGE	SIDDHARTHA UNIVERSITY	2019-2022	8.2
3.	12TH	SHARADA PUBLIC SCHOOL	CBSE	2018-2019	6.6
4.	10TH	SHARADA PUBLIC SCHOOL	CBSE	2016-2017	10

CERTIFICATES

SNO	CERTIFICATES	DATE	LICENCED BY
1.	AWS Cloud practitioner	02-02-2023	AWS
2.	Microsoft Azure	03-12-2022	Microsoft
3.	EHE	17-11-2022	Code Red
4.	Web Development	13-01-2022	Udemy
5.	Java Learning	16-12-2021	Great Learning

TECHNICAL LANGUAGE

- ❖ C
- ❖ JAVA + DSA
- ❖ MYSQL
- ❖ JAVASCRIPT
- ❖ REACT.JS
- ❖ HTML, CSS

TECHNICAL SKILL

- ❖ Web Development
- ❖ Android/app Development

OPERATING SYSTEM

- ❖ WINDOWS
- ❖ LINUX

NON-TECHNICAL SKILL

- ❖ Content Writing
- ❖ Research Writing
- ❖ Technical Writing
- ❖ Project Management
- ❖ Blog Writing

SOFT SKILLS

- ❖ Good Communication
- ❖ Leadership Quality
- ❖ Confident personality
- ❖ Stage Representator

DECLARTION

I hereby declare that all the details provided above are true to the best of my knowledge.
